<i>Microsoft Office XP**</i>	2003

\* **Note:** The SOA Demo Data is part of the Sage MAS 500 program and must be installed when creating the databases used to store MAS 500 data.

### Setup Instructions

Use the following information regardless of the class. Follow the guidelines listed below to set up the student and trainer's workstation.

Follow the guidelines listed below for the SOA company.

- Delete any existing batches in each module.

**Note:** You cannot delete the manual check batch in Accounts Payable because it includes Quick Print checks or batch 154 or 171 in Accounts Receivable. Leave these batches alone.
